

SISTERS *of* CHARITY FOUNDATION  
OF CANTON

February 2019

## We Need You!

Since 1996, the Sisters of Charity Foundation of Canton has invested more than \$63 million in improving the lives of the poor and underserved in Stark and surrounding counties.

To ensure we can continue carrying out our mission effectively and meet current community needs, our board and staff are reviewing and updating the Foundation's strategic plan.

We can only do this effectively by gathering input from stakeholders throughout the community. We have asked Mark Plaster, of the Markwood Partners consulting firm, to facilitate the process on our behalf.

Please click [here](#) to complete a survey about your views on community needs and how well they are currently being met. Please note that the Foundation will see only a summary of the responses; comments will not be linked to any individual.

We genuinely value your input—and your help with this critical process. We look forward to sharing the results with the community when it is complete.
